Form C-5713, Request for Michigan Tax Return Information, is used by the State PLS to request income tax returns from the Department of Treasury. The Treasury Disclosure Officer conducts a manual search of income tax records in response to the request, reports on the C-5713 whether or not a return was filed, and, when available, provides a copy of the return. This resource is utilized by the State PLS on a limited basis when a microfiche record located for a taxpayer may or may not belong to the absent parent.
